

HOW TO FIND EMPLOYMENT ABROAD

Recruitment season 2017 is in full swing and the schools are desperately wanting to finalise their recruitment before the end of May 2017 and we are here to help both you and them and having a great team like Dynamic Personnel in your side, is priceless.

If you are a Bed degree qualified teacher with a minimum of 2 years full time teaching experience (after graduating), your chances of being offered employment is GREAT. Single teachers and teaching couples (both of you being qualified teachers) are sought after candidates for the private international schools in the Middle East.

So, where should you start?

1. Send us your CV (with a photo) via our online application form.
2. One of our professional consultants will be in contact with you if any further information or documents are required.
3. Once the required forms have been returned, fully completed, your profile will be created and sent to schools with relevant vacancies (as per your preference).
4. Send us all the supporting documents ASAP in order for schools to speedily process offers of employment.
5. Dynamic Personnel sends off your CV to schools with vacancies matching your application.
6. Once a school wishes to interview you for possible placement, they will contact us and we will arrange a date and time with you for your **skype** interview. (Important to send me this info).
7. After a successful interviewed with a school, they will send the offer of employment to us and we will then forward it to you for consideration and signing.
8. After accepting and offer of employment, you will start the attestation process (having your documents authenticated and approved by the relevant country's Embassy).

So, if you've received the forms and haven't started filling those out or haven't sent us all the supporting documents yet, please do so urgently. We can only assist you to the same extend that you are willing to wrap up the process.
