THE MONTH

FOCUSING ON THE POSITIVE

After many months of virtual schooling most countries gave the go-ahead to return to in-person classes. This was great news for the children but especially great news for all the Dynamic Personnel Teachers.

Finally borders opened up and our teachers were able to fly to their schools. In just over a month Dynamic Personnel has managed to place 11 teachers at their respective schools, some of whom had been waiting since 2020 to fly all thanks to the Covid-19 Pandemic.

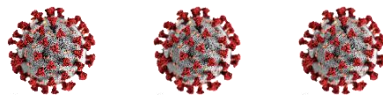

We at Dynamic Personnel take this opportunity to thank our teachers, both those placed and those waiting to be placed for continued support and patience in these uncertain times.

COVID UPDATE

The Covid-19 Pandemic has yet again put a halt on all things travel. South Africa, as most are aware, has again been placed on the “red” list.

It is therefore, with a very heavy heart, that we advise that due to the current travel bans imposed on South Africa, we are unable to secure flights for our teachers that have now signed recent offers. This does not mean positions will be lost, however it does mean that there will be a delay in securing visas and flights until this current travel ban has been lifted.

We assure all our teachers that we will inform you all of any changes as soon as we are advised of same from our schools.

THOUGHT FOR THE MONTH

STAY POSITIVE

**SOMETIMES
THINGS TAKE
TIME. BE PATIENT,
STAY POSITIVE
AND WATCH IT
UNFOLD.**
